MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Overall Review

Accounting year 2016-17 was a difficult year for our Company. The Company continues to be affected by adverse factors due to environmental laws, shortfall in working capital and capital expenditure for switchover to 100% waste paper recycling.

Industry Structure & Development

The consumption of paper is closely linked to the economic development of a country. In India, the government's sustained focus on literacy and expansion in organized retail are expected to positively affect paper consumption and demand. The per capita paper consumption in India is just 9 kgs compared with average global consumption of 60 kgs. India's paper consumption has grown at an average of 7% in the last 5 years.

During the year, the Company achieved only 52.10% capacity utilization due to environmental laws, shortfall in working capital and capital expenditure for switchover to 100% waste paper recycling.

Opportunities

- (a) Pan India presence.
- (b) Close proximity of the plant to the collieries of South Eastern Coalfields Ltd. for procurement of coal.
- (c) Government's thrust for improving education and literacy in the country.
- (d) Strong customer base and dealers/distributors network.

Threats

- (a) Increasing coal and logistic cost
- (b) Increasing competition from electronic media and digital communication alternatives.
- (c) Sourcing of waste paper – majority of waste paper is imported and efforts needed to increase collection through awareness in the country to make industry self sufficient.

Performance

During the year 2016-17, revenue increased from ₹ 3146.58 lakhs to ₹ 3690.28 lakhs i.e. increase of 17.28% and incurred loss of ₹ 1363.27 lakhs before tax adjustments compared with previous year's loss of ₹ 1012.16 lakhs.

Outlook

The consumption of paper continues to grow in the developing economy of India and therefore, the Company's outlook for future growth is reasonably good on implementation of project based on recycled waste paper.

Risks and Concerns:

The Company has implemented Risk Mitigation Policy which is being monitored from time to time at all operational levels.

Internal Financial Control systems and their adequacy

The Company has in place adequate internal control procedures commensurate with its size and operations. The Board of Directors, responsible for the internal control system, sets the guidelines, verifying its adequacy, effectiveness and application. The Audit Committee of the Company periodically reviews the existing internal control systems and takes necessary steps for updation / modification of the same as and when considered necessary.

The Company's internal control framework is designed to ensure management efficiency, measurability and verifiability, reliability of accounting and management information and compliance with all applicable laws and regulations.

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Madhya Bharat Papers Limited as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
